WORLD MEDICAL MISSION®
THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Shalom Family Medical Center **Santiago Texacuangos, El Salvador**

Mission: Harvesting In Spanish

Staffing Needs: Cardiology, Dentistry, Dermatology, Family Medicine, Emergency Medicine, Endocrinology, Family Medicine, Internal Medicine, Obstetrician/Gynecology, Otolaryngology, Pediatrics, Radiology

Language Requirement: Must be able to communicate independently in Spanish.

Location: Shalom Family Medical Center is located in Santiago Texacuangos, approximately 10 miles southeast of the international airport in San Salvador.

Religion: The majority of the population in El Salvador is Christian, with Roman Catholics and Protestants being the two major denominations. The number of evangelicals in the country is growing rapidly.

Profile: Maua Methodist Hospital houses approximately 200 beds with departments including Emergency, Maternity, Surgical, Pediatrics and in-patient wards, both men and women. Other services include physical therapy, dentistry, laboratory, ultrasound and Radiology, which includes a C-arm in the surgical theatre.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

WORLD MEDICAL MISSION®
THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Hospital Shalom **San Benito, Peten, Guatemala**

Mission: New Covenant World Missions

Staffing Needs: Anesthesiology, Cardiology, Emergency Medicine, Endocrinology, Gastroenterology, General Surgery, Nephrology, Neurology, Obstetrics/Gynecology, Orthopedic Surgery, Otolaryngology, Pediatrics, Pediatric Surgery, Physical Medicine and Rehabilitation, Pulmonology

Location: Hospital Shalom is located 350 miles north of Guatemala City, in the region of Peten, approximately 60 miles from the Tikal ruins. This area is considered to be part of the Rain Forest.

Religion: The Roman Catholic Church prevails as the dominant church figure, followed by Evangelical Protestants and other religions including Judaism, Islam and Buddhism.

Profile: Hospital Shalom is a full-service hospital is open continuously for surgeries, in-patient medical and emergencies. It is a 22-bed facility that hosts out-patient clinics during clinic hours on the weekdays and half days on Saturdays. Diagnostic equipment is available in the form of an ultrasound machine, two x-ray units and an in-house lab and pharmacy.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

Bringing the LUV of Jesus through providing healthcare in Haiti and Honduras

About Us

We exist to bring the LUV of Jesus to orphans around the world by providing their six basic needs: clean water, proper food, **healthcare**, education, job skills, and a Christ-centered loving home.

We are a nondenominational organization that welcomes anyone and everyone willing to follow the command of scripture in Isaiah 1:17 to “Defend the Orphan.”

Current Opportunities

We are constructing and will soon open our Special Needs Village in Haiti, which will be a forever home for the young adults in our care who cannot live independently. Once open, we will have capacity for 16 young adults and 25 staff. This project is intentionally supporting the local economy. If you would like to play a part in furnishing and staffing a lifelong home for these young adults, visit coreluv.org/donate

Future Vision

Special Needs Village — Once our Special Needs Village opens, we will have space to rescue more orphans with special needs. To give excellent care for the lives of these children, we need additional sustaining monthly support. Learn more at coreluv.org/defender

Honduras Medical Trips — We are taking mission trips to Honduras! We have been given land to build a children’s village, which includes loving homes for orphaned children. Pioneer with us as we begin to determine ongoing medical needs and plan potential medical trips in Cedros, Honduras. If you are interested in helping us map this out and join a trip, please contact us by email at missions@coreluv.org

Haiti Medical Trips — **Due to the current civil unrest, we are not hosting medical trips to Haiti at this time.** We hope to host medical trips in the future at our Myan Healthcare Center, located in the rural village of Myan, 15 minutes outside of Gonaives, Haiti. Gonaives is a unique town known as Haiti’s “Independence City.” It is a 4-hour drive from Port-au-Prince, where the international airport is.

For more information on getting involved, please email info@coreluv.org or visit our website at coreluv.org.

WORLD MEDICAL MISSION®

THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Hospital Loma de Luz **Belfate, Honduras**

Mission: The Cornerstone Foundation is located in Saucier, Mississippi. The ministry is Hospital Loma de Luz in Balfate, Colón, Honduras.

Staffing Needs: Anesthesiology, Cardiology, Dentistry, Emergency Medicine, Family Practice, Internal Medicine, Obstetrics/Gynecology, Ophthalmology, Oral Maxillofacial Surgery, Plastic Surgery

Location: Loma de Luz means the Hill of The Light. Hospital Loma de Luz is located 37 miles east of La Ceiba and is situated on a hill overlooking the shore of the Caribbean Sea. Due to rough road conditions the drive from La Ceiba to the hospital is approximately 1½ hours.

Religion: Although 95% of the population is considered Roman Catholic, it is extremely unlikely that most of these will have read or heard even the most basic precepts of the faith.

Profile: In January 2003, Hospital Loma de Luz saw its grand inauguration and has faithfully been serving the rural poor in Honduras ever since. Loma de Luz is a 30,000 square foot, 20 bed modern full-service medical care facility. Working through its Honduran Board of Directors (APAH), Hospital Loma de Luz is a rarity in the small world of Christian mission hospitals.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

WORLD MEDICAL MISSION®
THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Jungle Hospital – Dyer Rural Hospital **Rio Viejo, Atlantida, Honduras**

Mission: Healing Hands Global, Inc.

Staffing Needs: Dentistry, Family Medicine, Obstetrician/Gynecology

Location: Hospital Shalom is located in Rio Viejo, approximately 20 km (12 miles) from the coastal city of La Ceiba. The drive is approximately 1 hour along a rural dirt road.

Religion: Although 95% of the population is considered Roman Catholic, it is extremely unlikely that most of these will have read or heard even the most basic precepts of the faith.

Profile: Jungle Hospital is a small Level II hospital consisting of 10 beds. Currently they have a dedicated Labor and Delivery ward, as well as Surgical and Recovery wards. Since their certification in 2015, they have performed over 35,000 patient consults at the hospital and the surrounding community.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

WORLD MEDICAL MISSION®

THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Hospital Mision Tarahumara **Samachique, Chihuahua - Mexico**

Mission: Mexico Medical

Staffing Needs: Anesthesiology, Dentistry, Emergency Medicine, Family Practice, General Surgery, Internal Medicine, Obstetrics/Gynecology, Ophthalmology, Orthopedic Surgery, Pediatrics

Location: Hospital Mision Tarahumara is located in Samachique, Chihuahua, in the heart of the Sierra Madre Mountains. It is situated at approximately 7000 feet above sea level.

Religion: Animism is the prevalent religion

Profile: Hospital Mision Tarahumara is a 25-bed hospital consisting of an outpatient area, dental suite, pharmacy, radiology, pediatric, men's and women's wards, birth center, emergency room and a sophisticated surgical area. Every year an estimated 10,000 patients are treated, 100 infants delivered and 300 surgeries performed. There is also a very active Community Health Evangelism program, which works in remote communities delivering healthcare and agricultural assistance, always interlaced with the Gospel.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

Asia

www.AshaPartners.org

Mother-Child Hospital and Rural Medical Center

Mission: Asha Partners

Staffing Needs: Family Practice, Internal Medicine, Pediatrics, Obstetrics/Gynecology, General Surgery, Emergency Medicine, Gastroenterology, Endocrinologist, Hospital Administration

Location: Mother Child Hospital is in a suburb of Dhaka (Bangladesh's capital city), the Rural Medical Center is 4 hour journey (car, boat, rickshaw) from the Dhaka Airport

Religion: Bangladesh is 88% Muslim, 8% Hindu, .5% Buddhist, .3% Christian and .11% other religions (Wikipedia, 2024)

Profile: Asha Partners helps to operate two medical facilities in Bangladesh. The new 43,000sf mother-child hospital offers laboratory services, pharmacology, sonography, multiple exam rooms, radiology, expanding in 2025 to include 2 operating theaters, an ER, Labor & Delivery, in-patient beds, and an ICU/ NICU and a dialysis center. The Rural Medical Center is in a remote area and provides the only access to medical care for a community of 100,000 people (primarily as an outpatient clinic offering patient care, patient education, basic laboratory services, minor surgery and midwifery).

www.AshaPartners.org

You may contact Asha Partners at:
Dr. Amie – Amie@AshaPartners.org

United Mission Hospital Tansen, Palpa, Nepal

Motto: We Serve, Jesus Heals

Size: 200 beds

Stats (2023-24): 77,311 outpatient visits, 10,577 inpatient admissions, 5,678 operations, 1,505 infant deliveries

Language spoken: Primarily Nepali. Also, Hindi and other tribal languages.

Urgent need: IT consultant for large infrastructure projects planned for Tansen Hospital and Okhaldhunga Hospital (sister hospital in East Nepal)

Long-term needs: Pathologist and Radiologist. We can also use Primary Care General Practitioners (Family Medicine, Internal Medicine, and Pediatrics), OB/GYN, General Surgery and Orthopedics.

Short-term opportunities: Can be difficult due to visa issues and work permits but occasionally General Surgery, Ortho, Surgical Sub-specialties.

Other: While providing care for large numbers of underserved and resource-limited patients and their families, a large part of our hospital's work involves training Nepali house officers and residents as well as training of paramedical and nursing staff.

WORLD MEDICAL MISSION®
THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

United Mission Hospital **Tansen, Nepal**

Mission: United Mission to Nepal

Staffing Needs: Anesthesiology, Emergency Medicine, Family Practice, General Surgery, Internal Medicine, Obstetrics/Gynecology, Orthopedic Surgery, Otolaryngology, Pathology, Pediatric Surgery, Pediatrics, Physical Medicine & Rehab, Urology

Location: The United Mission Hospital Tansen (UMHT) is located in Bhusaaldanda. Tansen, the district headquarters and commercial centre of Palpa District, is a pleasant town built on the side of Shrinagar Hill. It lies in the middle hills of Nepal, at an altitude of 4593 feet, 187 miles west of Kathmandu, 75 miles from Pokhara and 50 miles from Bhairawa on the Indian border.

Religion: The major religion is Hinduism which accounts for about 90% of the population. There is also a significant Tibetan Buddhist population in Nepal. Christianity makes up less than 2% of the population.

Profile: Tansen Mission Hospital serves as a regional hospital and serves an area of over a million, extending into India. The facility now has 165 inpatient beds. The services offered include surgery, paediatrics, general medicine, obstetrics, gynaecology, and dentistry. We also have orthopedic surgeries and there are ultrasound, endoscopy and echo cardiography services. There is also an active government approved post-graduate training program for physicians in both internship and residency programs, in addition to clinical training for nurse anaesthetists and midwives.

WORLD MEDICAL MISSION®
THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Nazarene General Hospital **Papua New Guinea**

Mission: International Church of the Nazarene

Staffing Needs: Emergency Medicine, Family Practice, Gastroenterology, General Surgery, Internal Medicine, Obstetrics/Gynecology, Orthopedic Surgery, Pediatrics, Urology

Location: Kudjip Nazarene Hospital is located in the Waghi Valley of the Jiwaka Province of Papua New Guinea. This region is the broadest and most developed of the highlands.

Religion: Religious beliefs throughout Papua New Guinea are diverse and syncretic as they combine Christian ideas with traditional animistic beliefs.

Profile: Founded in 1967, Kudjip Nazarene Hospital is a 134 bed hospital which provides both inpatient and outpatient care. It is located in the Jiwaka Province of Papua New Guinea (PNG) and functions as both a local primary facility as well as a referral center. The location is rural; the nearest small town is about 15 minutes away, and the nearest significant commercial center is about an hour away. The hospital's purpose is to make Christlike disciples through excellent medical care, both in preventative and curative services.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

WORLD MEDICAL MISSION®
THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Hospital de Kalukembe, **Kalukembe, Angola**

Mission: IESA – Igreja Evangelica Sinodal de Angola

Staffing Needs: Volunteers should be able to speak Portuguese. Medical needs include Anesthesiology, CRNAs, Colorectal Surgery, Dentistry, Emergency Medicine, Family Practice, General Surgery, NPs, Obstetrics/Gynecology, Pediatric Surgery, Pediatrics

Location: Hospital de Kalukembe is in Kalukembe, Angola, approximately a three-hour drive from Lubango.

Religion: Religion in Angola is diverse, with Christianity being the most widely professed faith. Roman Catholics make up approximately 41% of the population with an additional 43% consisting of other denominations such as Baptists, Methodists, Lutherans and others. Since their independence, several Pentecostal and Evangelical churches have been established. Other “African Christian” churches exist and the indigenous Tokoist faith, as well as a small Muslim minority due to immigrants, who do not generally form a community of faith.

Profile: Hospital de Kalukembe is a district-style, 200-bed referral hospital for a catchment of over 500,000 people in a radius of around 100 km from the hospital. It is in a relatively populous rural area and is the only hospital to provide emergency surgical services in the region. Some wards, especially pediatrics, are above capacity for 5 months of the year and fluctuate in occupancy.

Departments located in and services offered by the hospital include Pediatrics, Maternity, Women’s and Men’s wards, as well as Physical Therapy, TB, Emergency and a Special Care Unit. Specialty clinics include for vaccinations, HIV, adult and pediatric med/surg, OB/GYN, leprosy, TB, wound care, and ophthalmology. Additional services include dental, radiology with ultrasound and x-ray, pharmacy and laboratory. The hospital has roughly 8,000 admissions, 13,000 outpatient visits and 2,400 surgical procedures performed, as well as approximately 250-500 C-sections and 1,000 vaginal deliveries annually.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

Centro Evangélico de Medicina do Lubango (CEML) **Lubango, Angola**

CEML is a 55-bed hospital which opened in 2006.

The NEED:

- **Short and long-term faculty members are always needed. They provide training for residents and leave for permanent faculty to get R&R.**
- **Prayers are needed for PAACS residents and staff.**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

For additional information, please go to www.paacs.net or you may also contact PAACS Executive Vice President for information on short-term and long-term faculty assignments at keir.thelander@paacs.net

WORLD MEDICAL MISSION®

THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Centro Evangelico de Medicin de Lubango, **Lubango, Angola**

Mission: Aliança Evangélica de Angola (Evangelical Association of Angola). Supported in North America by Advancing the Gospel in Angola (AGA).

Staffing Needs (Portuguese is strongly encouraged): Anesthesiology, Cardiology, Emergency Medicine, Family Practice, Gastroenterology, General Surgery, Internal Medicine, Medical Assistants, Nephrology, Neurology, CRNA, Nurse Midwife, NPs, RNs, Obstetrics/Gynecology, OTs, Ophthalmology, Oral Surgery, Orthopedic Surgery, Pathology, Pediatrics, Pediatric Surgery, PTs, Pas, Plastic Surgery, Radiology, Sonography, Urology

Location: CEML is located in Lubango, Angola, in the southwest corner of the country

Religion: Religion in Angola is diverse, with Christianity being the most widely professed faith. Roman Catholics make up approximately 41% of the population with an additional 43% consisting of other denominations such as Baptists, Methodists, Lutherans and others. Since their independence, several Pentecostal and Evangelical churches have been established. Other "African Christian" churches exist and the indigenous Tokoist faith, as well as a small Muslim minority due to immigrants, who do not generally form a community.

Profile: As a church-related health care institution, CEML seeks to provide medical services for an estimated 50% of Angolans who currently have no alternative coverage. Since its opening in 2006, Centro Evangelico de Medicina do Lubango has served over 57,000 new patients. The 53-bed acute care facility includes a 24-hour emergency ward, seven consulting rooms and treatment area, administration, lab and x-ray with digital capability, two OR theaters and a large ward with 8 semi-private beds. CEML has grown to 152 staff, with 3 general surgeons, 2 family doctors, 5 interns and 2 trainees in the General Surgery program approved by PAACS. It is planned that the hospital will be expanding to 130 beds and 4 OR rooms by the end of 2025.

Soddo Christian Hospital Soddo, Ethiopia

Last year Soddo Christian Hospital, supported by American 501c3 St. Luke's Healthcare Foundation, celebrated its 20th Anniversary after first opening in January 2005. It was built to reintroduce a Christian mission hospital to that region of southern Ethiopia following the takeover of a SIM Mission Hospital several decades prior. The hospital has grown tremendously over the past 20 years and now has approximately 200 beds, 8 modern operating theaters, an ICU, a NICU, and an increasing spectrum of physicians and specialists. The HOPE Center, a large Women and Children's addition to the hospital, is currently under construction. The hospital specializes in surgical care and has PAACS training programs in General Surgery and Orthopedic Surgery, with plans to possibly open a residency programs in Obstetrics and Gynecology and Family Medicine in future years.

The NEED:

- **Short- and long-term faculty members are always needed. Short-term volunteers are particularly essential in helping with the training of surgical residents and encouragement of long-term faculty and staff.**
- **Prayers are needed for PAACS residents and staff.**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

For additional information, please go to www.paacs.net or you may also contact PAACS Chief Medical Officer for information on short-term and long-term faculty assignments at kier.thelander@paacs.net

WORLD MEDICAL MISSION®

THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Soddo Christian Hospital **Soddo, Ethiopia**

Mission: Sponsored by the St. Luke's Healthcare Foundation, a non-profit organization based in Wheaton, IL.

Staffing Needs: Dentistry, Dermatology, Emergency Medicine, Family Practice, Gastroenterology, General Surgery, Hematology, Internal Medicine, Neonatology, Nephrology, Neurology, Neurosurgery, Obstetrics/Gynecology, Ophthalmology, Oral Maxillofacial Surgery, Orthopedic Surgery, Otolaryngology, Pediatric Surgery, Pediatrics, Plastic Surgery, Radiology, Urology

Location: Soddo Christian Hospital is 250 miles and approximately a six hour drive from Addis Ababa, the capital city. It is 7,000 feet in elevation.

Religion: Islam and Orthodox Christianity are the primary religions. Protestants make up about 15% of the population. Muslims have targeted Ethiopia and this area specifically. The local area around Soddo is largely Protestant from evangelism by SIM missionaries many years ago.

Profile: Soddo Christian hospital is a 120 bed facility with five wards (2) surgical, (1) maternity, (1) small ICU and (1) general/pediatrics. Current long term expatriate staff include (2) general surgeons, (1) orthopedic surgeon, (1) OBG, (1) pediatrician, (1) ER specialist and (1) geriatric specialist. There are currently (5) Ethiopian FPs and (5) African general surgery residents.

Bongolo Hospital **Lebamba, Gabon**

Mission: Christian and Missionary Alliance

Staffing Needs: Family Practice, General Surgery, Internal Medicine, Obstetrics/Gynecology, Ophthalmology, Orthopedic Surgery, Pediatrics

Location: Bongolo Hospital is located in a lush, rural area of Gabon

Religion: Christianity, Islam and traditional indigenous religious beliefs

Profile: Bongolo Hospital is a 158 bed hospital, (31) adult surgery, (29) adult medical, (26) Maternity w/ (8) isolettes, (26) eye clinic, (22) Peds (medical and surgical), (5) emergency room, (5) recovery room and (4) ICU. It presently serves one third of the country's population. In addition to medical care, the hospital also offers a three-year training course for nurses and midwives and a community health program. Morning staff Bible study is 7:30 am to 8:00 am and is conducted in French. Bongolo is a Pan-African Academy of Christian Surgeons or PAACS program participant. Short term volunteers in surgical specialties (also anesthesia and radiology) should understand that *teaching* and not doing cases is their primary goal.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

Bongolo Hospital **Lebamba, Gabon**

Today, the 158-bed hospital in the rural town of Lebamba includes busy Surgery, Adult Medicine, Maternity, Pediatrics and Emergency departments, as well as one of the busiest eye-clinics in Gabon. Full- service HIV, TB, and Dental clinics round out the services.

The NEED:

- **Short and long-term faculty members are always needed. They provide training for residents and leave for permanent faculty to get R&R.**
- **Prayers are needed for PAACS residents and staff.**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Hope Medical Center, **N'Zao, Guinea-Conakry**

Mission: Association Médical l'Espérance de Guinée (Medical Association of Hope, a Guinean NGO) in partnership with CAMA (Compassion and Mercy Associates).

Staffing Needs: OBGYN, GS, ORS, Maxillofacial Surgeon, Any sub-specialty surgeons, Biomed Techs, PT, OT, AN, Dentist/Dental Hygienist, Cardiology, FP, IM, Peds (low priority), Urology (limitations), ENT, PA's, Nurses, Nurse-Midwives, Med-Techs, Residents, and advanced Medical Students

Location: Hope Medical Center is in N'Zao, in the subtropical rainforest of Guinea, in the N'zérékoré region, about 1,000 kilometers from the airport in Guinea's capital Conakry.

Religion: Approximately 85 percent of the population is Muslim, 8 percent are Christian, and 7 percent adhere to Indigenous religious or other beliefs. Much of the Muslim and Christian populations incorporate Indigenous rituals into their religious practices. Muslims constitute a majority in all four regions of the country.

Profile: Hope Clinic opened its doors with a skeleton staff in September of 2003 and has continued to grow. It functions as a busy outpatient clinic, provides surgical and maternity services, and has a strong emphasis on teaching with an attached nursing school. Some other services include an Outpatient Medical Clinic, Dental services, Laboratory & Pharmacy, Community Health Teaching, and continual education of medical staff. They have a Nursing School and a new Maternity Ward that opened in October 2023. Hope Medical staff are seeing between 100-120 outpatients a day. There is an average of 50-60 surgical operations a month. The clinic now has 50 beds, and on most days 30 of those beds are occupied. The dental clinic sees around 20-30 people a month for extractions, cleaning and fillings. The maternity ward sees about 20 prenatal care visits a week, performs 30 prenatal ultrasounds per month, and has 15-20 deliveries per month.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

AGC Tenwek Hospital **Bomet, Kenya**

A 400-bed hospital in southwestern Kenya. While it serves a population of about 800,000 for primary health care, it is a surgery referral center for the entire region of more than 8.5 million people. The hospital has six modern operating theatres in a new surgery and educational facility plus additional OB/GYN, ophthalmology and endoscopy theatres. Patients present with a broad array of pathology, and more than 5,000 operations are performed annually. With an extensive medical library including internet services; laparoscopy; research in esophageal cancer and other areas; diagnostic radiology including CT scan; intensive care facilities; laboratory and cytopathology departments; and physical therapy services, Tenwek is a state-of-the-art surgical training facility in Africa.

The NEED:

- **Short and long-term faculty members are always needed. They provide training for residents and also provide leave for permanent faculty to get R&R.**
- **Prayers are needed for PAACS residents and staff.**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

Tenwek Hospital Bomet, Kenya

Mission: World Gospel Mission (WGM)

Staffing Needs: Anesthesiology, Cardiology, Dentistry, Emergency Medicine, Family Practice, Gastroenterology, General Surgery, Internal Medicine, Neonatology, Obstetrics/Gynecology, Ophthalmology, Orthopedic Surgery, Pediatrics, Physical Medicine & Rehab, Plastic Surgery, Radiology, Urology

Location: Tenwek Hospital is located 225 miles northwest of Nairobi and 5 miles east of Bomet.

Religion: Today, the main Christian denominations in Kenya are Protestant, which make up 45% of the country's religious composition. The Roman Catholic Church represents 28% of the population. The Sunni path of Islam is the religion of approximately 10% of the Kenyan population.

Profile: Tenwek is a 300-bed hospital with a wide range of surgical, medical, maternity and pediatric services. Tenwek Hospital is one of the largest mission hospitals in Africa. It provides primary health care to 600,000 Kipsigis people within a 32 kilometer radius and serves as a referral center for a much larger region. General wards range from 6 to 17 beds each.

THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Chogoria Hospital **Chogoria, Kenya**

Mission: Presbyterian Church of East Africa (PCEA)

Staffing Needs: Family Practice, General Surgery, Internal Medicine, Obstetrics/Gynecology, Pediatrics

Location: 3-4 Hours from Nairobi

Religion: Although the area has a Presbyterian foundation, many other denominations can be found in and around Chogoria.

Profile: Established in 1922 by Dr. Clive Irvine, a Scottish medical missionary, with a focus on preaching, healing, and teaching. In 1956, management of the hospital passed from the Church of Scotland to the Presbyterian Church of East Africa. It was rebuilt in the 1970's and presently the hospital has 295 beds and is the principal health care provider in Tharaka-Nithi District (with more than 45,000 people).

Kapsowar Hospital **Kapsowar, Kenya**

Mission: Africa Inland Mission (AIM)

Staffing Needs: Anesthesiology, Dentistry, Emergency Medicine, Family Practice, General Surgery, Internal Medicine, Neonatology, Obstetrics/Gynecology, Orthopedic Surgery, Pediatrics, Urology

Location: Kapsowar Hospital is located in a remote area of northwestern Kenya about 60 miles from the Uganda border. Specifically, it sits at the edge of a small village within the Marakwat District of the North Rift Valley Region.

Religion: There is a high percentage of Christians in Kapsowar with many different denominations represented. The Africa Inland Church is the largest Protestant denomination in the area. There is also a large Catholic presence as well. In recent years, Muslims have made some inroads into Kapsowar.

Profile: Kapsowar is a small, district-level hospital which provides the majority of medical care to this remote region of northwestern Kenya. The 126-bed, multi-building hospital provides facilities for maternity, pediatric, medical, and surgical care. Mobile maternal and child health clinics travel to three centers up to 90 km (56 miles) away. Four dispensaries provide simple health care for the local people. The hospital has approximately 4,000 inpatient admissions and 15,000 outpatient visits per year.

Mission: Africa Inland Mission (AIM)/Africa Inland Church (AIC)

Staffing Needs: Emergency Medicine, Family Practice, Gastroenterology, General Surgery, Internal Medicine, Neonatology, Neurosurgery, Obstetrics/Gynecology, Orthopedic Surgery, Pathology, Pediatric Surgery, Pediatrics, Plastic Surgery, Radiology, Thoracic Surgery, Urology

Location: Kijabe Hospital is located about 60 km north of Nairobi. The altitude is 7200 feet up on the edge of an escarpment overlooking the Great Rift Valley which extends from the Sea of Galilee to Zimbabwe. It is approximately a 1 hour drive from Nairobi, the capital city.

Religion: The population is primarily Christian (Protestant and Catholic), although some of the more remote tribes practice animism and spirit worship. Muslims and Hindus comprise a smaller portion of the religious community.

Profile: Today, Kijabe Hospital is a non-profit, 340-bed hospital owned and operated by AIC of Kenya as part of a network of four hospitals and 45 dispensaries. The hospital offers a broad range of inpatient and outpatients curative services to people from the surrounding farming communities.

www.kijabehospital.org
www.kijabehospital.org/blog

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

AIC Kijabe Hospital **Kijabe, Kenya**

This hospital has been open since 1915 and in its present location since 1961. It is licensed for 300 beds presently. The hospital is currently equipped with 15 operating rooms, including a modern ICU, Dental, Laboratory, Pathology unit and an energy center responsible for generating the hospital oxygen supply and wall suction. Six PAACS training programs are based at Kijabe - the General Surgery Residency, Orthopedic Surgery Residency, Anesthesiology Residency, obstetrics and gynecology residency, Plastic Surgery Fellowship, and the Pediatric Surgery Fellowship. Bethany Kids at Kijabe Hospital is a semi-autonomous unit within the AIC Kijabe Hospital dedicated to the holistic care of children with various surgical conditions and disabilities.

The NEED:

- **Short and long-term faculty members are always needed. They provide training for residents and also provide leave for permanent faculty to get R&R.**
- **Prayers are needed for PAACS residents and staff.**
- **Finance to build extra resident housing to fit all the programs.**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

WORLD MEDICAL MISSION®

THE MEDICAL MINISTRY OF SAMARITAN'S PURSE

Good News Hospital, **Mandritsara, Madagascar**

Mission: Bible Baptist Churches of Madagascar and the Friends of Mandritsara Trust

Staffing Needs (French strongly encouraged): Short-Term Surgeons, Experienced Physicians (willing to supervise junior National Doctors), Anesthetists

Location: Good News Hospital is located in Mandritsara, Madagascar. Madagascar is the second largest island in the world, and is located off the East Coast of Africa across the Mozambique Channel.

Religion: Catholicism and Christianity are considered the dominant religions on the island; however, a significant portion of the population continues to practice traditional animistic beliefs. In the northern region, where Mandritsara is located, a lot of animistic beliefs come from the rural villages. Many believe in a creator god, while practicing traditional beliefs in the veneration of the dead.

Profile: The Good News Hospital started 25 years ago in one small clinic room in the center of Mandritsara town. It was part of a vision of the Bible Baptist Churches of Madagascar to reach the people of Mandritsara with the Gospel. Over the years, God has provided and grown His work in amazing ways, so the hospital now consists of Outpatients (2000 patients/month), Inpatients (57 beds - Medical, Surgical & Maternity), Operating Theatre (the only in a 200km radius performing 1400 operations per year), Eye Department (including an operating room performing 450 cataract operations per year), a Laboratory, an X-ray department, a Pharmacy and a Nursing & Midwifery School, with Dentistry coming soon.

While Madagascar has about 29 million people, Mandritsara has a population of around 300,000, with agriculture and cattle being the main form of income in the area. Mandritsara is home to a cattle market, taking place twice a month, which drives the local economy and brings in many from the surrounding villages.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

Hopitaly Vaovao Mahafaly **Mandritsara, Madagascar**

Hopitaly Vaovao Mahafaly is the only surgical hospital in the region it has 26 surgical beds, 22 medical beds, and 26 maternity beds.

The NEED:

- **Short and long-term faculty members are always needed. They provide training for residents and also provide leave for permanent faculty to get R&R.**
- **Prayers are needed for PAACS residents and staff.**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

For additional information, please go to www.paacs.net or you may also contact PAACS Chief Medical Officer for information on short-term and long-term faculty assignments at keir.thelander@paacs.net

Staffing Needs: Pediatric and OBGYN physicians for long-term placement (2-year terms) and all medical and dental physicians and nurses short-term mission trips.

Background of Hospital:

- Opened: June 2012
- Patients Treated: 640,000+

Healthcare Services Provided:

- Primary Healthcare Services
- Maternal Care: Maternity Services began September 2015
 - 12,000 + deliveries
 - 2,000+ C-sections
- Ophthalmic Care: Eye Clinic opened in August 2016
 - 100+ Operations and 250+ other procedures annually
- Antiretroviral and Counseling
- Community Health Outreach
- Childhood Malnutrition Monitoring
- Radiology and Lab services

Email: info@childlegacy.org or michelle@childlegacy.org

Phone: (830)331-9428

Nkhoma Mission Hospital **Nkhoma, Malawi**

Nkhoma Hospital functions as a District Hospital with responsibilities for the preventive and curative health care of a defined catchment population. The 280-bed hospital provides broad outpatient and inpatient services in surgery, obstetrics, paediatrics and adult medicine.

The NEED:

- **Short and long-term faculty members are always needed. They provide training for residents and also provide leave for permanent faculty to get R&R.**
- **Prayers are needed for PAACS residents and staff.**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

For additional information, please go to www.paacs.net or you may also contact PAACS Chief Medical Officer for information on short-term and long-term faculty assignments at keir.thelander@paacs.net

CURE's Medical Mission Opportunities differ across the network and focus on:

- Specialty Medical Surgeons (orthopedics, plastics)
- Anesthesiology
- RN, PT, OT
- Medical Student Elective Placements
- Resident & Fellow Placements

CURE Hospital locations and specializations are as follows:

- **Orthopedics:** Kenya
- **Orthopedics, Plastics & Reconstructive:** Zambia, Zimbabwe, Philippines, Malawi, Ethiopia, & Niger
- **Neurosurgery:**

Uganda Medical Mission

Opportunities:

- For more information on current volunteer opportunities, visit cure.org/volunteer
- Questions and general inquiries can be sent to volunteer@cure.org
- For information on current employment opportunities at CURE, visit cure.org/jobs.

Nkhoma Mission Hospital, **Nkhoma, Malawi**

Mission: Church of Central Africa Presbyterian Nkhoma Synod

Staffing Needs: Anesthesiology, Cardiology, Colorectal Surgery, Emergency Medicine, Family Medicine, General Surgery, Internal Medicine, Neonatology, Nephrology, Neurology, Obstetrics/Gynecology, Orthopedics (surgery), Pediatrics (surgery), Pharmacy, Plastic Surgery, Radiology, Sonography, Urology, Residents

Location: Nkhoma Hospital is located one (1) hour southeast of Lilongwe, in Malawi, Africa

Religion: The three main native religions are Christianity, Islam, and Gule Wamkulu. Gule Wamkulu is the national cultural animistic religion, involving a ritual dance practiced among the Chewa in Malawi, Zambia, and Mozambique.

Profile: Over a period of 97 years the hospital has developed from a single missionary doctor, who did a course in tropical medicine into a reasonably well equipped 250 bed facility. It has pediatrics, surgical, general male and female wards with isolation rooms, tuberculosis, maternity and private wards, a labor room, 2 general theatres, outpatient department, family health clinic, ARV-clinic and supportive departments (physiotherapy, pharmacy, administration). There is also an ophthalmic department with ophthalmic theatre. Its primary catchment area is the surrounding rural community of 64,000 people; however, it serves patients from all over Malawi as well as from neighboring countries. It offers in- and outpatient care locally and conducts mobile clinics in its catchment area. Yearly 53,000 outpatients are seen, 19,000 people are admitted, 1,700 people are operated on in the general theatre, 2,500 ophthalmic operations are done and 3,000 deliveries are conducted. Some operations are of a specialist nature (e.g. Vesicovaginal Fistula repair, cataract removal and lens implantation); provision of these services lightens the workload of the nearest referral hospital (Kamuzu Central Hospital in Lilongwe). The Health Department supervises governmental and non-governmental Health Centers within its catchment area (nine in total) and CCAP Health Centers throughout the Central Region of Malawi (10 in total) The Hospital has negotiated a Service Agreement with the District Health Office (DHO) of Lilongwe. This enables the surrounding community to access obstetrical and five other services free of charge with the Government paying for the expenses. It has built a reputation of offering good quality care, explaining the number of people coming from remote areas.

You may find World Medical Mission Personnel at their booth, or you may contact them at worldmedmission@samaritan.org

Malamulo SDA Hospital **Thyolo District, Malawi**

A 212 bed Christian mission hospital in the rural location of Makwasa, in Southern Thyolo District of Malawi. The Malamulo Mission was founded in 1902. The hospital started as a clinic in 1915, then as a Leprosarium in 1925, and developed into a referral hospital by 1953. The hospital has an active Outpatient department along with Inpatient services including: Surgery, Adult Medicine, Maternity, Gynecology, Pediatrics, Radiology, and Laboratory. There is also a Women's Center for Cancer Screening, Community Department, Dental Clinic, several Satellite Clinics, and an HIV/AIDS Treatment Center.

The NEED:

- **Short and long-term faculty members are always needed. They provide training for residents and also provide leave for permanent faculty to get R&R.**
- **Prayers are needed for PAACS residents and staff.**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

For additional information, please go to www.paacs.net or you may also contact PAACS Chief Medical Officer for information on short-term and long-term faculty assignments at keir.thelander@paacs.net

SIM Galmi Hospital Galmi, Niger - West Africa

Galmi is a 184-bed hospital, located in a remote but well-traveled area at the edge of the Sahara Desert. The hospital has a total staff of around 200, including 20 to 30 missionaries that live on the mission compound. Galmi has inpatient medical, obstetric, and surgical services and runs a PAACS General Surgery Training Program. The hospital has both high volume inpatient and outpatient services addressing especially acute emergent cases. The ministry also involves outreach to people groups with limited access to the gospel.

The NEED:

- **Short and long-term faculty members are always needed (especially general surgeons, orthopedic surgeons, OB/GYNs, and pediatricians). They provide training for residents and also provide leave for permanent faculty to get R&R. Please pray for easy access for visas for short termers especially from the West at this time.**
- **Prayers are needed for PAACS residents and staff.**
- **Surgical supplies - as limited availability in country and limited access for sea containers coming through land borders since the coup in 2023**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

EGBE MEDICAL MISSION

HEALTHCARE • TRAINING • MENTORING

ECWA Hospital Egbe – Egbe, Kogi State, Nigeria

Founded in 1952, ECWA Hospital Egbe is a rural teaching hospital located on a 40-acre medical complex. The hospital's comprehensive facilities include men's, women's, children's, maternity & NICU, and isolation wards; two private rooms; two operating theaters; an emergency room; intensive care unit; laboratory; x-ray and ultrasound services; and a pharmacy. Additional specialized services are offered through an HIV & AIDS clinic, dental clinic, physiotherapy department, and an eye care center.

Beds: 110
Inpatient visits: 2,041
Outpatient visits: 18,739
Deliveries: 523
Surgeries: 1,089

Recent revitalization efforts have focused on aligning staff, medical equipment, systems, and practices with Christian ministry and sustainable business principles, toward transforming ECWA Hospital Egbe into a self-sustaining teaching hospital. Renowned throughout Nigeria for its integrity, medical excellence, high-quality training programs, and compassionate care, the hospital serves as a beacon of hope where the gospel is shared with every patient. In 2025, we also completed major infrastructure upgrades, including construction of a new surgery center, expansion of the NICU, and installation of a large-scale solar power system to support reliable, 24/7 care.

The hospital offers a Family Medicine Residency program and is home to the ECWA College of Nursing Sciences located on the same medical complex with academic and residential campuses. The College trains over 400 nursing and midwifery students, further solidifying its role as a hub for medical training and community healthcare in rural Nigeria.

Long Term and Short-Term Opportunities:

Family Medicine, Internal Medicine, OB/GYN, Anesthetists, Nurse Educators, Nurse Specialties (RN, NP, Med-Surg, OR, Nurse Anesthetist, ER, ICU, Ped, L&D), IT and Administration, Construction/Maintenance (project management, skilled trades, facilities)

Arusha Lutheran Medical Centre (ALMC) **Arusha, Tanzania**

A one hundred bed hospital opened in 2008 to serve the growing medical needs. Together with its sister hospital, Selian Lutheran Hospital (SLH), there are over two hundred beds, seven operating theatres, and 550 staff.

The NEED:

- **Short and long-term faculty members are always needed. They provide training for residents and leave for permanent faculty to get R&R.**
- **Prayers are needed for PAACS residents and staff.**
- **Financial resources are needed to train the residents as surgeons. The cost to train one PAACS resident is on average \$25K per year.**

For additional information, please go to www.paacs.net or you may also contact PAACS Chief Medical Officer for information on short-term and long-term faculty assignments at keir.thelander@paacs.net

Hospital of Hope **Mango, Togo**

Mission: Association of Baptists for World Evangelism (ABWE)

Staffing Needs: Anesthesiology, Dentistry, Emergency Medicine, Family Practice, Gastroenterology, General Surgery, Internal Medicine, Obstetrics/Gynecology, Orthopedic Surgery, Pediatrics

Location: From Lomé, Togo, it is a 9 hour drive by missionary vehicle or taxi to the hospital.

Religion: Islam 90%, Animism (mixed in), Catholicism 3-4%

Profile: Hospital of Hope is located in the northern region of Togo, a country of over five million people. Opening in March 2015, Hospital of Hope is a 60-bed major medical, surgical and acute care facility, and regional trauma center. The bulk of the patients are Togolese, but many come from neighboring Ghana, Burkina Faso, and Benin.

Hôpital Baptiste Biblique – Tsiko, Togo

Mission: Association of Baptists for World Evangelism (ABWE)

Staffing Needs: Anesthesiology, Colorectal Surgery, Dentistry, Emergency Medicine, Family Practice, Gastroenterology, General Surgery, Internal Medicine, Neonatology, Obstetrics/Gynecology, Ophthalmology, Orthopedic Surgery, Otolaryngology, Pediatric Surgery, Pediatrics, Plastic Surgery, Urology

Location: Located on 32 acres at the foot of the Danyi Plateau, Hôpital Baptiste Biblique is a 2 ½ hour drive, on a paved road, from the Capital of Lome, Togo.

Religion: The Togolese people are very receptive to the Gospel, but many remain faithful to their pagan ancestry. Many who claim to be Catholic, Protestant, or Muslim, still hold on to much of their animism. Over half of the population is involved in some form of animism or spiritism.

Profile: Hôpital Baptiste Biblique (HBB) or Karolyn Kempton Memorial Christian Hospital (KKMCH) is a 50-bed hospital which opened in 1985. There are 8 to 10 beds in each of the male and female wards, an 8 to 10 pediatric ward, a 4 bed ICU, an infection ward, and an 8-10 bed maternity with a four-bed delivery area. There is one isolation room and 2 private rooms, a triage area and a busy outpatient clinic with an average of 18,000 outpatient clinic visits per year.

Chitokoloki Mission Hospital **Chitokoloki, Zambia**

Mission: Christian Missions in Many Lands

Staffing Needs: Dentistry, General Surgery

Location: Chitokoloki Hospital is located in the Northwest Province of Zambia on the Zambezi River.

Religion: The majority of Zambians practice some form of Christianity. Many of these have not totally forgotten their traditional roots and still hold many of these beliefs. Islam and Hinduism are also practiced.

Profile: Chitokoloki Mission Hospital is a 200 bed hospital that serves a patient population of 150,000. The hospital facility includes four large wards and three smaller wards including a 25 bed pediatrics ward and a 25 bed OBG ward. There is also a 7 bed ICU, an ER, pharmacy, kitchen and a laundry area.

Mukinge Hospital **Kasempa, Zambia**

Mission: SIM (Serving In Mission)

Staffing Needs: Anesthesiology, Family Practice, General Surgery, Internal Medicine, Obstetrics/Gynecology, Pediatrics, Physical Medicine & Rehab

Location: Mukinge Hospital is located in the Kasempa and Mufumbwe districts in the Northwestern Province of Zambia. It is a two hour mission flight from Lusaka, the capital city.

Religion: The major religions of Zambia are Christianity, Indigenous beliefs, Hinduism and Islam. It is estimated that 25% of the population are Evangelical Christians.

Profile: Mukinge Hospital is a 200-bed referral facility that currently services 100,000 people. The hospital has seven inpatient wards, including an adult medical ward (male and female), an adult surgical ward (male & female), a pediatric surgical ward, a maternity ward (1,300 – 1,400 deliveries per year), a pediatric ward, an eye ward and a malnutrition ward. There is a busy outpatient department with 160 – 180 patients seen daily.

Macha Mission Hospital **Southern Province of Zambia**

Mission: Brethren in Christ Church in Zambia

Staffing Needs: Internal Medicine, General Surgery, Orthopedics, OB/GYN, Pediatrics, Pulmonary, CRNA

Location: Macha is approximately 40 miles due west of Choma on the Namwala Road in southern Zambia.

Religion: The majority of Zambians practice some form of Christianity. Many of these have not totally forgotten their traditional roots and still hold many of these beliefs, causing much confusion. Zambian Constitution in 1992 declared Zambia to be a Christian nation. Many are affiliated with churches like Evangelical Church of Zambia and the Christian Brethren (CMML), and Brethren in Christ Church, but some are associated with other groups, including Roman Catholicism. Islam and Hinduism are also practiced.

Profile: Macha is a 208-bed hospital with medical and surgical services. There are 2 adult wards (1 male, 1 female), 1 Pediatric ward, 1 TB ward, 1 OB ward with 1 delivery room and 30 beds. Zambian midwives conduct all routine deliveries of which there are about 3000 deliveries per year. There is an operating theater with 1 OR for major surgery and 2 minor surgery rooms. Many admissions are for HIV related illnesses. Other admissions are for common internal medicine diseases like heart failure, diabetes, stroke, and hypertension.

Karanda Mission Hospital **Mt. Darwin, Zimbabwe**

Mission: The Evangelical Alliance Mission (TEAM)

Staffing Needs: Anesthesiology, Emergency Medicine, Family Practice, General Surgery, Internal Medicine, Orthopedic Surgery, Physical Medicine & Rehab, Urology

Location: Karanda Mission Hospital is located about 125 miles north of Harare.

Religion: It is estimated that between 60 and 70 percent of Zimbabweans belong to mainstream Christian denominations such as the Roman Catholic, Anglican, and Methodist Churches; however, over the years a variety of indigenous churches and groups have emerged from these mainstream denominations. While the country is overwhelmingly Christian, the majority of the population continues to believe, to varying degrees, in indigenous religions such as ancestor worship.

Profile: Located in Mt. Darwin, Zimbabwe, Karanda is run by three American and Canadian physicians and one American Physician's Assistant. It is a 134 bed hospital and typically stays about 90% full. Zimbabwe will not license DO's.
